Kents Hill Park School

Timbold Drive, Kents Hill Park, Milton Keynes, MK7 6BZ
Headteacher: Mr. James Pilgrim

5th April 2019

Dear Parent/Carers

You may be aware that as a school we use a system called ClassCharts. This has been used very effectively to record any positive or negative behaviours. Additionally, this system can be used to track and record homework, and we have recently run a small trial of both the parent and pupil app. Having received some very positive feedback about its use and application, we are now planning to roll the system out across the secondary school.

A number of parents have expressed that they would like to be more involved with helping their children completing homework, but struggle to know what needs to be done from looking in their child's planner. The homework system allows the teacher to give a more detailed explanation of the homework along with attaching relevant documents and knowledge organisers that pupils can use to help them. Both parents and pupils then have access to this information. Parents are also able to see the positive or negative points their child has received which we hope will help start conversations at home and allow you to support your child's positive behaviours as well as knowing about areas that require improvement.

We would like to invite you to an information session on Tuesday 30th April at 5:30pm to give you further details and access to the system. We will be able to show you how to use the app, answer any questions that you may have, and discuss how you may further support your child.

After the session there will be an opportunity for you to log on and access the apps with support from a member of staff if you require. Please bring along your own devices if you wish to do this - WiFi access will be provided.

Yours faithfully

Miss E Yates
