

## How to Login to our Virtual Learning Environment (VLE)

In the **USERNAME** box, pupils need to enter their school username.

This is the username they use to log into the school computers, e.g. **bsmith18** (Year 8) or **tjones19** (Year7).

They should NOT use their email address.

The **PASSWORD** that pupils enter is the same password as they have set up to log into the school computers.

When pupils have logged in successfully, they should see their name in the top right corner of the page, like this:
