

Say goodbye to queuing with the Fusion Mobile app!

Getting started

Download the app

You can download the app by scanning the relevant QR code for your phone, or by searching 'Fusion Mobile' on your app store.

If you have problems finding the app, head on over to <https://connect.crbcunninghams.co.uk> for the download links.

So, what can you do in the app?

Check your balance

That's right! No longer do you need to queue at a device in the school to check whether you have enough funds remaining to order that meal you've been thinking about; you now check your balance at home.

Order your food in advance

Obviously, the most important part of a pre-order app is the ability to order your food in advance, and you can do precisely that.

View your upcoming meal selections

If you've placed multiple pre-orders, it's easy to check what you've ordered from within the app. We'll show you all your meal choices along with your unique order number.

What if I need help with the app?

We're hoping that the app is really easy to use, but don't worry, if you do run in to any problems you can always visit <https://connect.crbcunninghams.co.uk/help> to view a range of articles that should get you up and running in no time.
