COVID-19 Lateral Flow Testing in Schools

Dear Parents and Carers,

We are pleased to inform you that we are ready to begin offering lateral flow COVID-19 testing for pupils currently attending Kents Hill Park School under the keyworker and vulnerable pupil provision.

This allows us to test for COVID-19 in school in just 30 minutes.

The more pupils that take part in the testing, the more effective the programme will be.

Please complete our online registration form by clicking the link or scanning the QR Code below, by no later than 9am on Monday 11th January 2021.

[COVID-19 Lateral Flow Testing Registration & Consent Form](#)

Participation in the programme is voluntary, but please be aware that if a pupil shows symptoms, or is in close contact with someone who has tested positive, if they have not been registered for the programme they would need to self-isolate for 10 days and follow the government guidance.

For further information on this programme, you can visit our [COVID-19 Rapid Testing in Schools](#) page on the website. If you are unable to access the online forms and information, please feel free to call us on 01908 533 290 or contact Pupil Services by emailing pupilservices@kentshillpark.school

Yours faithfully,

Adam Baxter
Senior Assistant Headteacher
